EXAMINER'S COMMENT

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file. Accordingly, the examiner is not able to apply the Nakano et al. (U.S. Patent 6,306,957) reference referred to in the previous office action as it does not qualify as prior art.
2. The examiner notes that applicant has not identified support for changing R⁵ to R³ in the specification in paragraph [0013], and in claim 6. It appears that the recitation of R⁵ in the formula is a typographical error. In addition, the examiner finds support for the change in paragraph [0014] of the specification, which sets forth that the crosslinkers are end-blocked in a symmetrical fashion.
